

**To Whom It May Concern**

I am writing to recommend Maja Klimentić's candidacy for the Cooperation and Development Network Executive Committee.

As Cooperation and Development Networks Member Organisation we are very happy to recommend our member, Maja for your Executive Committee.

Maja Klimentić is an activist in our movement since 2018. Since then she has been actively included in all of our activities, and has been a volunteer during our last two annual projects. She has been actively engaged and highly motivated to participate in CDN's events, where she got interested in green idea and green vision.

We, in Revolt, highly recommend Maja for your Executive Committee. We are sure that she will contribute to Cooperation and Development Network and wish you all of the best luck in future work.
