To whom it might concern,

Serbian Green Youth is pleased to support candidacy of Elena Petrovska for the position of Executive Committee Member of Cooperation and Development Network Eastern Europe.

Elena has been a Board member since December 2018, and currently getting involved with SGY Secretariat. Since joining Serbian Green Youth three years ago, Elena has demonstrated great team working and team coordination skills, through managing number of projects. Through many different activities in which realization she took part in, she has shown great devotion to the organisation and Green principles, demonstrating creative thinking and problem solving skills. We have witnessed her work that she takes seriously and responsibly. During her involvement with SGY, she worked good under pressure and in different settings, keeping the team morale high even in stressful situations.

For all these reasons we support her candidacy as a member of the CDN Executive Committee because we believe she can bring her experiences also in the international arena by sharing her skills with other people and learning from others, then bringing these experiences back into our organization.
