**Please, explain your motivation to become CDN Executive Committee member:**

I've participated in several events of CDN and taken part in some projects as a member of Gender working group, and I realized that I would like to continue participating in cdn's activities as EC member. My values are close to the green values of organization. Also, I would like to take more responsibilities and coordinate cdn's projects.

**Please, shortly present your previous CDN experience:**

I took part in the CDN's international seminar "Digitising the youth ar(c)tivism" and online course "Art for the Young, the Queer, the Feminists of Eastern Europe". Also, Liuba and me presented the political situation in our county as a part of "Electionvision" discussions.

As a member of Gender WG I participated in implementation of Safe space policy, translated the articles for the GEF, and contributed in mini-online-campaign for the 8<sup>th</sup> of March in 2021.

**Being a member of the Executive Committee is a very demanding task that requires inter-cultural competences, working under pressure, deadlines, in non-familiar environment, dedication to the goals, and this being online work. Please explain briefly your ability to respond to these challenges and requirements:**

I am dedicated to cdn's goals and values and inspired to be a part of the organization. I'm quite good at managing strict deadlines and communicating in inter-cultural environment as I've had such experience in educational and activist projects.

**What would you like to be responsible for in CDN during this mandate? What are your competences?**

I would like to be responsible for some of the following:

- communication with working groups and their motivations
- project management: planning activities and events, coordinating and promoting them
- implementing CDN strategies

**Is there anything you would like to improve, implement or set for the future during your mandate?**

I think that one of the crucial moments that EC could improve is coordination and communication within the organization and how members of WGs and participants interact with each other. I suppose it will be beneficial to hold more teambuilding activities and just discussions about different things, especially in more informal ways.

**Your working language(s):**

English, Russian
