

Dear fellow Greens,

we are writing to express our support for Selma Levrence, our spokesperson, in her candidacy for the role of CDN Executive Committee Member.

Selma has been our spokesperson since 2019, and has been very active both in coordinating our activities as well as representing Protests in debates, forums and other events both in Latvia and abroad.

We strongly believe her international experience, as well as her devotion to the green cause would make her a great Executive Committee member.

Sincerely,

The Board of "Protests"
