<p>➤ Web site of your organisation:</p>	<p>https://www.facebook.com/milsebekesi</p>

Please, explain your motivation to become CDN Executive Committee member:

I have been involved in CDN's work and activities for more than 3 years now and in the last 2 years I am mostly active in the Gender Working Group (WG). 3 years back, I was participating at CDN events and contributing to the training as a participant repeatedly and at some point, I felt like I was not growing much and I needed to push myself out of my comfort zone and learn more by giving and contributing more to CDN. As a first step I started volunteering for the Gender WG and from there on it continued with project writing, organizing local actions, conducting meetings and so on. Now becoming a CDN Executive Committee member is another opportunity for me to learn and grow more within the organization. I want to take this chance to experience the role of EC in an international organization and grow more into positions where I can contribute more to society!

Contributing to CDN for years I have been in different positions completing different tasks and now I feel confident enough to take the responsibilities of the EC as well. There is a lot I can give to CDN and learn from my role during the mandate. My previous experience with CDN has enhanced my skills a lot and now I am very eager to grasp more as an EC member.

Additionally, I was part of the team that wrote the 2021 Annual Work Plan for CDN and I deeply understand the values, structure and the topics that will be covered this year. My better understanding of this year's annual plan is a great advantage for me to take over the role as an EC member and since I know the procedures I am highly motivated to take part in the project writing of next year's Annual Plan as well.

Lastly, I want to pursue my academic studies in the field of Sustainability and Environment and being part of EC at a green organisation will help me a lot to strengthen my background in the field.

Plan as well.

Please, shortly present your previous CDN experience:

1. Participation at the trainings mentioned below:

“Urban Steps for Resilient Future - Building Youth Activism in Eastern Europe”

“Internet As We Want It”

“Youth and the City: Young people for fair and Green cities”

“*Art for the Young, the Queer, the Feminists of Eastern Europe*”

2. *Implementation of Local Action after the “Art for the Young, the Queer, the Feminists of Eastern Europe” training called Queer Art Festival*

3. *Volunteering at Gender WG for 2 years*

4. *Project writing for Erasmus in 2020 and project writing of Annual Work Plan 2021*

Being a member of the Executive Committee is a very demanding task that requires inter-cultural competences, working under pressure, deadlines, in non-familiar environment, dedication to the goals, and this being online work. Please explain briefly your ability to respond to these challenges and requirements:

Working tight with local and international NGOs for more than 3 years now I am capable to overcome the above-mentioned challenges and requirements.

What would you like to be responsible for in CDN during this mandate? What are your competences?

I would like to be responsible for the coordination of Gender WG.

My competences:

Project writing

Moderating Sessions

Prep-Team (although I did not do Prep-team at CDN, I have experience as a prep-team member with “Youth and Environment” Europe (Sister organization of CDN) and the procedures and the tasks were pretty much the same)

Project Coordinating

Budgeting

Translating (English - Azerbaijani, Azerbaijani - English, Turkish - English)

Is there anything you would like to improve, implement or set for the future during your mandate?

Motivating members of Gender Working Group to be more active and involved.

Exploring feminist perspective of newly formed Ancestral Medicine (AM) working group and maybe coming up with a new project in the future as an intersection of Gender and AM topics.

Bringing the topic of Sustainable Agriculture on the table and creating a discussion / working group on that. I consider that livestock farming has a vast environmental footprint and agriculture contributes a big number of greenhouse gas emissions worldwide. I also think that the application of the “Sustainable Agriculture” model can bring significant relief to the environmental problems.

No cis het males in the future events?

Projects that involve more than 2 working groups and explore the intersection of more than 2 topics.

Your working language(s):

Azerbaijani (native)

Turkish (proficient)

English (proficient)

This application is **ONLY** valid if attached to a candidacy letter of your organisation or any of Member or Partner Organizations of CDN and your CV. Each Executive Committee candidate needs to fill in this form in order to register.

Name of the applicant: Nijat Guliyev
