Letter of Support

Georgian Young Greens would like to inform that we support, Giorgi Ptskialadze to be a candidate for Executive Committee Member of Cooperation and Development Network Eastern Europe. Giorgi has been a spokesperson of Georgian Young Greens and for now he is also a Executive Committee Member of CDN. During his mandate he has been working on organisational development, transforming and enhancing structure, increasing visibility and focusing on further politicasion and institutionalisation of the organisation. We think that his mandate will benefit CDNEE and its Member Organizations.
