Letter of Support

Hereby, Serbian Green Youth (ZOS) is supporting our member Liudmila Gravrilenko as an Executive Committee candidate of CDN for 2021/2022.

Liudmila has been an active member of Alternative Urbanisation working group for five years, she was in CDN's prep teams and therefore she was able to give personal input, learn how CDN works, what topics is the organisation covering and in what manner.

We have witnessed that she contributed to the work of the organisation over these years and are aware of her reliability, working and personal qualities. Therefore we think she will be a good candidate for a position of Executive Committee member.

In Belgrade, 6th of April 2021.

On behalf of SGY,
Mika Nikolic
Board member
