Genç Yeşiller (Young Greens of Turkey) hereby supports the candidacy of Salih Tuna for member of the Executive Committee of CDN.

Salih has been involved with Genç Yeşiller for more than four years and been active in both local and international activities with FYEG and CDN. He has extensive and firsthand experience in different structures and positions with various organizations in the past. In addition, he has proven to be a strong activist on human rights which we strongly appreciate. We are convinced that he is eager to further develop CDN from within the EC.

To conclude, based on his experience and motivation we believe Salih will be an invaluable addition to Executive Committee and wish him best of luck in the elections.

Warm regards,

Genç Yeşiller
